

TASL POLICY ON ILLEGAL PLAYERS

Before playing in a TASL match, TASL requires that ALL players appear on your team's roster AND have a valid NCASA player pass designating their assigned team.

An illegal player is defined as a player that:

- does not appear on your team's TASL roster; and
- does not have a current, valid NCASA player card specific for your team.

Players that played during a previous season or that are planning to join your team in the future are not exempt from this policy. Players waiting to receive their NCASA player pass or those that have a pass with another team designation are not exempt from this policy.

Every player must have a current, valid NCASA player pass that designates the current team assignment.

The referee crews are instructed to check your team's rosters and player passes BEFORE the match begins, and **ENFORCE the No Pass, No Play Rule**. So be aware that if for any reason a player does not have his or her pass, they are NOT ALLOWED TO PARTICIPATE.

If it is confirmed that an illegal player has participated in any TASL match, **the team in violation of this policy is subject to the following sanctions:**

- The team score for the match shall reflect the game as a 3 - 0 loss.
- The team standings will reflect a 3 point deduction in points.
- The team will be assessed an Illegal Player Fine as follows:
 - \$60 for any Men's Division team
 - \$50 for a Coed Division team

Please report any suspected violations of this policy to the TASL office and include as many details as possible.

You can email information on suspected violations to registrar@tasl.us.
